

These pop-outs can be clicked on and a selection will be made to build either assembly room or showroom, then the map can be selected and a pin dropped, showing that one of them has been built. The \$\$ bar will reflect the player's updated account.

There will be a total of 6 equipment building screens w/ variations on parts. Parts are listed in Questionnaire doc. (3) for Tractor: Basic, Medium, Heavy Duty. (3) for Skid Steer: B / M / HD

The Mission Brief screen should vary to keep it interesting. There should be a number of different mission briefs. At least 5.

The Map image on the map will display balloons on locations where spaces (assembly rooms or factories) have been built by the player.

****Bonus Points Screen when an assembly room/showroom has been built. (2) Screens total.**
